10	8	10½	16½	14½	5½	1	1	1¼	1½	2½	11.00	12.00	15 lbs.
20	8½	11	18	16½	6½	1	1	1¼	2	3	12.00	13.00	18 lbs.

STYLES 15 AND 25

These cases are practically the same as Nos. 10 and 20, except that the drawers in the top are divided. They are made of the same fine material and in the same careful manner as the other cases, and are perhaps a little more convenient on account of the drawer division.

STYLES 35 AND 36

This case is specially designed for tools 18 and 24 inches long. The drawer arrangement gives ample space for a great number of large and small tools and a place to arrange all systematically. We believe this the most convenient case for a large number of all size tools ever offered to mechanics.

Pilliod Portable Tool Case

No. 40

MAHOAGANY FINISH—LEATHER COVERED

THE FRAME OR BODY is of seasoned poplar, locked together at the corners, and will support all the weight that can be loaded in a case.

THE FINISH of the Drawer Fronts and inside of Door is of Imitation Mahogany.

THE COVERING is a good grade of Imitation Seal Grain Leather.

THE FITTINGS are all heavy Brass Plated.

THE DRAWERS have Flush Ring Ferrules forced into the wood.

THE LOCK is a cylinder brass with two keys.

THE HANDLE is made of soft Leather same as high grade suit-case handles.

THE DOOR hinges on bottom, can be removed and slid under bottom drawer.

Five top drawers lined, add 60c to list.

All drawers lined, add 85c to list.

Machinists' Tool Chests

No. 1 and No. 2 Chests are made of selected hard woods and are furnished with Brass Cylinder Lock and Nickel Plated Drawer Pulls. Each chest is provided with a metal elbow to support lid, and a patent device for locking all the drawers at once automatically by the closing of the lid. We furnish these chests with drop handles instead of cup handles as shown in cut.

No. 01 Chest is the same in size and general construction as our No. 1 Machinists' Chest, but is designed to meet the demand for a cheaper Machinists' Chest. It has a Brass Cylinder lock, drop handles and a patent automatic locking device which locks the drawers by the closing of the lid. It is made of chestnut panels and mouldings.

Machinists Tool Case No. 75

Illustration of Tool Case No. 75 Open

This portable tool case is made of chestnut, handsomely finished. It has four drawers and is furnished with a brass cylinder lock, with two flat keys, leather handle and metal corners.

The lid locks at the bottom and when open can be slid back over the drawers like the lid of a sectional book case.
